20a. How does the Committee accomplish its purpose?

The Interdepartmental Serious Mental Illness Coordinating Committee is established in accordance with the provisions of the 21st Century Cures Act. The committee accomplishes its purpose through advising, consulting with and making recommendations to the Assistant Secretary for Mental Health and Substance Use, who reports to the Secretary of Health and Human Services on issues related to advances in serious mental illness (SMI) and serious emotional disturbances (SED), and advances in access to services and support for adults with SMI or children with SED. In addition, the ISMICC will evaluate the effect that federal programs related to serious mental illness have on public health,

including public health outcomes such as (A) rates of suicide, suicide attempts, incidence and prevalence of SMIs, SEDs, and substance use disorders (SUD), overdose, overdose deaths, emergency hospitalizations, emergency room boarding, preventable emergency room visits, interaction with the criminal justice system, homelessness, and unemployment; (B) increased rates of employment and enrollment in educational and vocational programs; (C) quality of mental disorders SUD treatment services; or (D) any other criteria as may be determined by the Secretary. Finally, the ISMICC will make specific recommendations for action that agencies can take to better coordinate the administration of mental health services for adults with SMI or children with SED. Not later than one year after the date of enactment of the 21st Century Cures Act, and five years after such date of enactment, the ISMICC shall submit a report to Congress and any other relevant federal department or agency.

20b. How does the Committee balance its membership?

The ISMICC consists of 24 members who are appointed by the Secretary, HHS. The ISMICC consists of 11 federal members or their designees from federal agencies, and 14 non-federal public members. Members are selected according to PL 114-255, section 6031. Please note the we currently have 13 non-federal public members. We are awaiting approval from the Department on adding other non-federal public members.

20c. How frequent and relevant are the Committee Meetings?

The ISMICC shall meet not fewer than two times each year through advising, consulting with, and making recommendations to the Assistant

Secretary for Mental Health and Substance Use.

In carrying out its functions, the ISMICC has established five workgroups to develop the first report to Congress. These working groups shall be composed of ISMICC members, or their designees, and may hold meetings as necessary.

The ISMICC is required to meet twice per calendar year. The committee met virtually on October 28, 2022, and March 14, 2023. The October meeting covered and included Consideration of April 13, 2022, Minutes, Serious Mental Illness and Serious Emotional Disturbance:

What is the approximate Number of recommendations produced by this committee for the life of the committee?

Number of Recommendations Comments

There are several Federal Agencies involved with the ISMICC. Despite non-federal members having made 45 recommendations for consideration by the ISMICC, those recommendations are not statutorily driven. Instead, the ISMICC Chair, acting on behalf of the Secretary, will determine which relevant criteria or outcomes will be evaluated or reported. No recommendations were made in fiscal year 2023. The final report to Congress was submitted in April 2022.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

The ISMICC Chair, acting on behalf of the Secretary, will determine which relevant criteria or outcomes will be evaluated or reported.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

55%

% of Recommendations Partially Implemented Comments

While Federal Agencies involved with the ISMICC continue cross-federal work to benefit Americans with SMI/SED and their families, resulting in the estimated 55% of recommendations having been partially implemented, the ISMICC Chair, acting on behalf of the Secretary, will ultimately determine which relevant criteria or outcomes will be evaluated or reported. The final report to Congress was submitted in April 2022.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

Status reports, updates, and briefings on matters that have come before the Council are regularly provided at the ISMICC meetings. When the ISMICC makes recommendations, the Chair provides feedback at subsequent meetings. SAMHSA ensures that complete minutes are prepared and circulated to the members for clearance and approved at the next official ISMICC meeting. The public can access information on agency feedback at this website <https://www.samhsa.gov/about-us/advisory-councils/ismicc> The final report to Congress can be found at this website
