20a. How does the Committee accomplish its purpose?

The Committee's activities align to the VA Strategic Goals as follows: GOAL 1: VA consistently communicates with its customers and partners to assess and maximize performance, evaluate needs and build long-term relationships and trust. The Committee's priorities are in identifying volunteers, donors and strategic partners to enhance Veteran experience and improve engagement with VA which aids in building long-term relationships and trust. The Committee's members are the primary base of

volunteers, represent many of the key partnerships, and serve as the voice of our Veterans to measure the impact of the Committee's activities. Volunteers, donations, and strategic partners support human and fiscal resources that address access challenges, increase choices for care and services, and make information more readily available for Veterans. Consistent communication with committee members is relayed to membership of the organizations represented on the committee which assists in building long-term relationships and trust among VA customers and partners. GOAL 2: VA delivers timely, accessible, high-quality benefits, care and services to meet the unique needs of Veterans and all eligible beneficiaries. The Committee's recommendations targeting improvement of the VA volunteer program assists in providing a without compensation support team that supplements care and service providers in providing timely and integrated care and support. Volunteer programming in support of transportation of Veterans, caregivers and family members aids in the delivery of timely, accessible care. Additionally, volunteer and donor support of Whole Health modalities, Arts and Humanities, and programming which promotes Veteran independence aids VA in meeting the unique needs of Veterans and all eligible beneficiaries. Outreach and communication with the committee supported efforts to educate the Veteran community about The Sergeant First Class (SFC) Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act and related deadlines during a period when expanded care and benefits for Veterans exposed to burn pits, Agent orange, and other toxic substances was paramount. GOAL 3. VA builds and maintains trust with Stakeholders through proven

stewardship, transparency and accountability. The Committee's membership is made up of members of key Veterans service, civic, fraternal, faith-based and other strategic partner organizations which are part of the fabric of the community served by VA. Communication from the committee to their respective organizations serves to build and maintain the trust Veterans have in VA as Veterans know and trust these organizations to which they belong. The Committee's open meetings and transparent operations serve to help build Veteran trust in VA. This Committee continues work to improve and streamline business processes, to include incorporation of virtual meetings, when appropriate, electronic registration for annual meetings, and online nominations for the submission of awards and recognition. Additionally, the Committee continues to build on practices emphasizing more robust accounting of funds associated with activities, operationalizing the non-monetary and in-kind donation recording in the field, and increased accountability for VA Central Office funding (donated and appropriated) directed to the field. GOAL 4. VA ensures governance, systems, data and management best practices improve experiences, satisfaction, accountability and security. The committee's volunteers have assisted in promoting volunteer assignments targeting improved experiences, satisfaction, accountability and security. The volunteers that are facilitated by this committee's actions are increasingly engaged in higher level assignments supporting management best practices. Additionally, the committee's continued efforts to support the modernization of the electronic system used in tracking volunteers, donations, and strategic partnerships provides enhanced capabilities for employees and aids to

ensure systems and data are used to improve service to Veterans.

20b. How does the Committee balance its membership?

The Committee is comprised of 56 national service, Veterans, civic, and volunteer oriented organizations. Its membership is a diverse representation of Veterans Service Organizations and community partners. The Committee continually seeks the opportunity to bring on new organizations, including Post-911 Veterans organizations, corporate entities, and other agencies/organizations interested in philanthropic engagement opportunities within VA.

20c. How frequent and relevant are the Committee Meetings?

The Committee meets once a year. This Committee represents the voice of the community to VA and its leadership. The volunteer and monetary resources that are the ultimate outcomes from these partnerships enhance care and services for Veterans. In FY 2023, the Committee met April 26-28, 2023 in Denver, Colorado.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

VA has no other resource to replace the functions of this Committee. Its purposes of promoting and coordinating volunteer activities and strategic partnership within VA facilities, in the community; and to advise on matters related to volunteerism and charitable giving are not addressed by any other mechanism or system. Since 1946, the Committee has been the method by which VA volunteerism and philanthropic activities has been implemented and managed.

20e. Why is it necessary to close and/or partially closed committee meetings?

There are no closed meetings.

21. Remarks

Designated Federal Officer

Sabrina C. Clark Director, VA Center for Development and Civic Engagement

Narrative Description

Volunteers assist Veterans by augmenting staff in settings such as inpatient hospital units, outpatient clinics, Community Living Centers, volunteer respite programs, volunteer transportation programs, community-based volunteer programs, end-of-life care programs, foster care, and Veterans outreach centers. The Committee encourages strategic partnerships and volunteer support to better serve Veterans. They encourage their members and others to contribute time, talent and resources to VA to improve Veteran access and experience; decrease Veteran homelessness; share VA's National and local messages to Veterans through their social media and websites; market the Veterans crisis line and initiatives such as whole health to serve our Nation's Veterans. The VA Voluntary Service (VAVS) National Advisory Committee (NAC) of the Department of Veterans Affairs provides advice to the Secretary of Veterans Affairs, through the Under Secretary for Health, on the coordination and promotion of volunteer activities within VA health care facilities, and on other matters relating to volunteerism. It keeps the officers and members of participating organizations informed of volunteer needs and accomplishments. The Committee actively supports the strategic plan of the VA Center for Development & Civic Engagement and the overall VA mission and strategic plan.
