20a. How does the Committee accomplish its purpose?

The Committee accomplishes its purpose by promoting coordination among federal agencies and sharing of knowledge which leads to collaboration and possible new initiatives. The meetings cover cutting-edge topics in tobacco control and provides an opportunity for members to share updates on progress and activities in tobacco control. This avoids some duplication of efforts and also encourages collaboration within this community of subject matter experts. The meetings also provide an opportunity for the public at large to engage in discussions about tobacco

control efforts at the federal level and to voice opinions and concerns in an open forum. Finally, the Committee provides recommendations to the Secretary, HHS, on tobacco control issues.

20b. How does the Committee balance its membership?

The committee is comprised of representatives from federal agencies and five non-federal members who are physicians and scientists representing private entities involved in informing the public about the health effects of smoking. The full committee membership has female representation and geographic diversity.

20c. How frequent and relevant are the Committee Meetings?

Meetings are held approximately two times per year as determined by the Chair, who also approves the agenda. The meetings are relevant in that HHS serves in a leadership role for fostering the science of tobacco use prevention and control and the translation of science into action. Coordinated Departmental action in this area will support the Secretary's prevention agenda, and form the basis for public-private partnerships that address actions for reducing initiation of tobacco products, promoting cessation, and reducing exposure to secondhand smoke which will result in improved health for all Americans.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The ICSH was mandated by Congress under the authority of the Comprehensive Smoking Education Act of 1984 (Public Law 98-474–15 U.S. C. 1342(b)). The Interagency Committee on Smoking and Health reports to the Secretary,

through the Assistant Secretary for Health and the Director, Centers for Disease Control and Prevention (CDC). The Committee advises the Secretary, HHS, the Assistant Secretary for Health, and the Director, CDC, on coordination of research, educational programs, and other activities within the Department that relate to the effect of smoking on human health, and on coordination of these activities with other Federal, State, local, and private agencies; establishment and maintenance of liaison with appropriate private entities, other Federal agencies, State and local agencies, and public agencies respecting activities relating to the effect of smoking on human health; and development of material for the Secretary's biennial report to Congress.

20e. Why is it necessary to close and/or partially closed committee meetings?

N/A

21. Remarks

The Committee did not have any meetings in FY23 because the committee does not have enough members to reach a quorum. No advisory report submitted in FY 23 as ICSH did not hold a meeting during the fiscal year. Public member Suchitra Krishnan-Sarin completed her term (separation date 6/30/2023); public member David Dobbins resigned from the committee on 8/30/2022. Other Federal members that resigned from the committee: Robert Croyle, Tina Fan, Roger Glass, Rosalind King, Rosemarry Rosso, John Snyder all resigned from the committee or completed their membership terms in 2022.

Narrative Description

The ICSH was mandated by Congress under the authority of the Comprehensive Smoking Education Act of 1984 (Public Law 98-474–15 U.S. C. 1342(b)). The Interagency Committee on Smoking and Health reports to the Secretary, HHS, through the Assistant Secretary for Health and the Director, Centers for Disease Control and Prevention (CDC). The Committee: advises the Secretary, HHS, the Assistant Secretary for Health, and the Director, CDC, on coordination of research, educational programs, and other activities within the Department that relate to the effects of smoking on human health, and on coordination of these activities with other Federal, State, local, and private agencies; establishes and maintains liaisons with appropriate private entities, other Federal agencies, State and local agencies, and public agencies regarding activities related to the effects of smoking on human

health; and develops material for the Secretary's biennial report to Congress.

What are the most significant program outcomes associated with this committee?

Cost Savings Other	<input type="checkbox"/>

Cost Savings Comments

NA

What is the approximate Number of recommendations produced by this committee for the life of the committee?

Number of Recommendations Comments

The recommendations are regarding the Smoking Cessation Quit Line. The committee did not convey any recommendations in FY23.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

20%

% of Recommendations Fully Implemented Comments

The Quit Line recommendation (1 of 10) previously accepted by the Secretary, HHS, was fully implemented. In addition, the recommendation (2 of 10) for a media campaign has been implemented as well. The remaining 8 recommendations have not been acted upon.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

There were no recommendations from this committee in FY23.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

CDC provides feedback to the Interagency Committee on Smoking and Health including the updates from the Office on Smoking and Health, review of scientific evidence and commercial tobacco control best practices, and suggestions for resources and materials as it relates to recommendations put forth from the presentations and discussions during open committee meetings. The public also has access to this information during the public meetings and after meetings through the posted meeting minutes located on the advisory committee website. Information is also disseminated to advisory committee members via email as necessary.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

NA

Is the Committee engaged in the review of applications for grants?

No

Grant Review Comments

ICSH is not a grant review committee
