**20a. How does the Committee accomplish its purpose?**

The Committee accomplishes its purpose by meeting to discuss and gather information on Federal, State and local beginning farmer programs to prepare for a set of recommendations to be submitted to the Secretary of Agriculture on ways to increase assistance to beginning farmers and ranchers.

**20b. How does the Committee balance its membership?**

The Committee consist of not less than 14 but no more than 20 members. The membership consists of a diverse group of individuals with experience in farming or in providing assistance to farmers. They include representatives from State and

private nonprofit beginning farmer programs, commercial lending and agricultural education institutions, USDA's Cooperative State Research, Education, and Extension Service, the Farm Service Agency, National Institute of Food and Agriculture, and several farmers and ranchers.

**20c. How frequent and relevant are the Committee Meetings?**

The Committee may meet publicly 2 to 4 times per year; and twice administratively to finalize recommendations. Funding and Agency determination whether meetings are necessary and held at the discretion of the Department. In FY 2023 the Committee did not meet because its Charter was being vetted and was finally approved August 2023.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The Committee is statutory and is mandated by Congress to advise the Secretary on ways to encourage Federal and State beginning farmer programs to provide joint financing to qualified farmers and ranchers, methods of maximizing the number of new farming and ranching opportunities created through the programs, and other methods of creating new farming and ranching opportunities. The Committee was established because of Congressional concern over the average age of farmers in this country, and the need to create more opportunities for beginning farmers, thereby assuring a new generation of family farmers. The law required the Secretary to appoint members to assure the Committee consists of members with a broad scope of knowledge.

**Narrative Description**

USDA's mission is to provide leadership on food, agriculture, natural resources, rural development and related issues based on sound policy, the best available science, and efficient management. USDA's FY 2022 – 2026 Strategic Plan reflects the challenges and opportunities we face and outlines how we plan to meet this moment. It is guided by five crosscutting priorities that inform our work: addressing climate change via climate-smart agriculture, forestry, and renewable energy; advancing racial justice, equity, and opportunity; creating more and better markets for producers and consumers at home and abroad; tackling food and nutrition security while maintaining a safe food supply.
