20a. How does the Committee accomplish its purpose?

The committee has met two times this fiscal year to remain informed about the general management planning process and the public comment issues of Great Sand Dunes National Park and Preserve.

20b. How does the Committee balance its membership?

The council membership reflects the requirements of Public Law 106-530 which established the advisory council and allotted slots on the council to representatives from local counties, the Friends of the Dunes, and residents of the San Luis Valley. Council members also represent organizations of nearby property owners, a local

environmental organization, a hunting and outfitter organization and the Nature Conservancy, an organization holding significant lands within the Monument.

20c. How frequent and relevant are the Committee Meetings?

The committee is expected to meet approximately 4 times per year. Frequent meetings are necessary to keep pace with the General Management Plan (GMP) process and to ensure that the GMP is completed as expeditiously and efficiently as possible. The GMP guides the management direction of the park, and as such, delays in its completion produces delays in implementation of a long-term management strategy for Great Sand Dunes.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The committee was authorized by Congress to provide advice on the completion of a General Management Plan for Great Sand Dunes National Park and Preserve.

20e. Why is it necessary to close and/or partially closed committee meetings?

All meeting are open to the public.

21. Remarks

The Council did not meet in 2007. The General Management Plan was finalized July 19, 2007.
